

Global Water Security for Agriculture and Natural Resources

An ASABE Global Initiative Conference
Organized jointly with the Indian Society of Agricultural Engineers (ISAE)
3-6 October 2018

Taj Krishna, Hyderabad, India
The Call for Abstracts is Now Open

Abstract proposals are currently being solicited for presentation at the conference. To conduct the most impactful and interesting conference possible for a diverse, international audience, various presentation formats will be utilized. These presentation formats will include "E-posters" with lightning round introductions, "Ted talks," panel discussions, and traditional lectures. Each of these formats is viewed as equally prestigious, and decisions related to presentation format will be based on review of the abstracts considering potential impact and interest.

Daily themes for the conference are:

- **Agricultural Water Scarcity and Security: Weathering Water Resource Extremes**
- **Irrigation & Drainage, Conservation, and Water Management for Sustainable Agricultural Growth**
- **Identifying, Managing, and Treating Conventional and Alternative Agricultural Water Supplies**

Abstracts of interest are sought in the following categories under each of the daily themes.

- Water Governance and Policy
- On-Farm Water Management
- Technology and Infrastructure for Agricultural Water Management
- Suitability for Agricultural Uses
- Other Topics Related to the Conference Theme

15 March 2018 - Deadline for submission of abstracts

1 April 2018 - Notification to authors

31 August 2018 - Registration deadline for presenters

3-6 October 2018 - Global Water Security Conference

Authors:

Log into the [Author portal](#) to submit your abstract. Select *Login* then *New User?* to create your profile. Further instructions are available on the homepage of the submission site.

Questions regarding this conference can be directed to Jessica Bell at bell@asabe.org. A PDF version of this notice is available [here](#).
